Qualifying for the Business Tax Exemption

The business tax exemption applies to all Fremont businesses that employ a full-time staff and is engaged in a clean energy technology or biotechnology business. If your business qualifies, then all compensation paid in direct support of the business' clean energy technology or biotechnology efforts may be excluded from the payroll expense tax base, subject to the conditions and limitations set forth in the Fremont Business and Tax Regulations Code, Section Fremont Business Tax Regulations Code, Section 5-1107.1 (Note: Independent contractors shall not be considered employees of the clean energy technology or biotechnology business and do **not** qualify for this tax exclusion.)

I understand that the facts supporting my application for the Business Tax Exemption, as set forth on this worksheet, are subject to audit by the Fremont Tax Collector. Under the laws of the State of California, I declare under penalty of perjury that I have read the foregoing and that it is true, correct, and complete to the best of my knowledge and belief.
